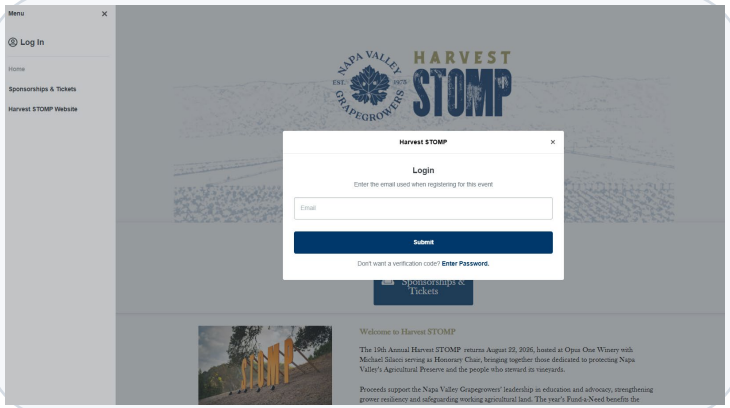
# Access Your Harvest STOMP Reservations

A step-by-step guide to accessing your tickets in 3 easy steps

## 1 Go to HarvestStomp.com

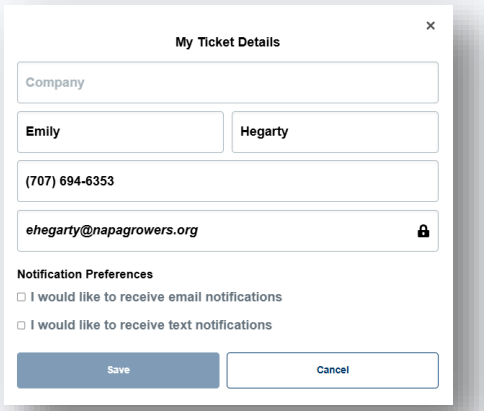
Click the **Purchase Reservations** button to access your reservations account.

## 2 Access Your Ticket(s)



Open the **menu in the top-left** corner of the reservations page, then enter the email associated with your ticket to **login**.

## 3 View Reservation Details

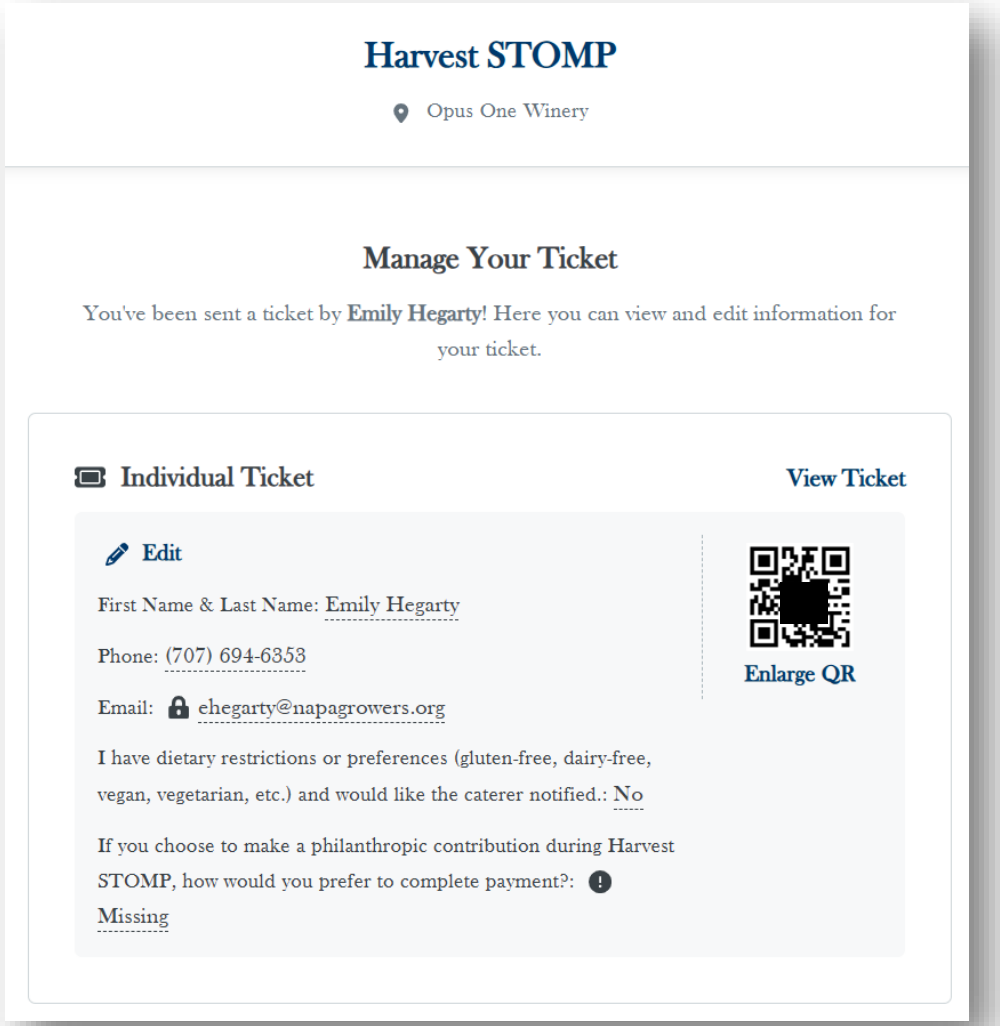


Find all your reservation details by clicking **My Account** (ticket details & receipt)

Provide your **credit card by clicking My Activity**.

# Check In at the Event

Each attendee must have a ticket on event night



**Two ways to check in with your ticket:**

1. Provide your name
2. Show your QR code on your ticket (printed, email or Apple/Google Wallet)

**This is different than previous STOMP events. Every guest is issued a ticket.**

If you purchased reservations for additional guests, we kindly encourage you to provide each attendee's email address in the registration portal before Harvest STOMP.

This ensures guests receive their event ticket directly and has the opportunity to securely add their credit card information in advance of the event.
