Farmer-to-Farmer Collaboration

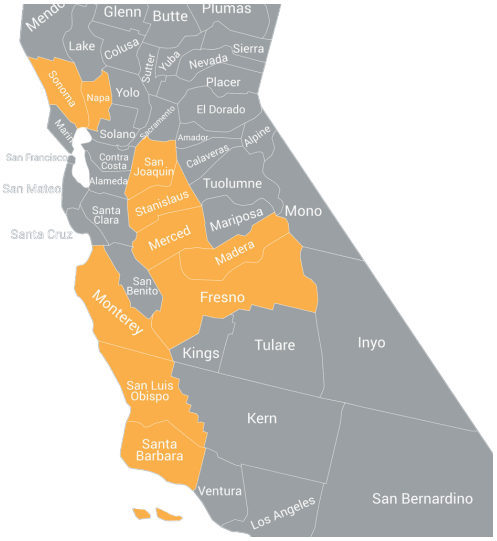
Funding to Create and Maintain Pollinator Habitat

The RCPP(Regional Conservation Partnership Program) Farmer-to-Farmer Collaboration is looking for enthusiastic producers interested in receiving financial and technical support for implementing on-farm practices that support pollinators. We are offering contracts to distribute over **$1,000,000** to California producers to implement pollinator habitat.

Pollinators can provide significant benefits to CA producers: **increased pollination efficacy, more cost effective pest control, improved soil health and water retention, erosion control, carbon sequestration, enhanced land stewardship, and more.**

Eligible Counties:

Fresno
Madera
Merced
Monterey
Napa
San Luis Obispo
San Joaquin
Santa Barbara
Sonoma
Stanislaus



Eligible Practices for Reimbursement:

- Cover Crops
- Conservation Cover
- Wildlife Habitat and Range Planting
- Hedgerow Planting
- Prescribed Grazing
- Micro-Irrigation
- Integrated Pest Management
- Tree-Shrub and Brush Establishment and Management

Producers can apply for more than one practice!

Become a Participating Producer!

If you are interested in supporting bees and other pollinators, enhancing your operation, and collaborating with fellow farmers, please scan the QR Code and share with your neighbors!

Funded through the USDA Natural Resources Conservation Service (NRCS) Regional Conservation Partnership Program (RCPP): Farmer-to-Farmer Collaboration - Increasing Pollinators Across Diverse California Farms and Ranches.
